Caring for your jewelry

Clean your jewelry with warm soapy water, a soft toothbrush, and a soft cloth. Please do not use ultrasonic cleaners or chemicals. We suggest that you remove your jewelry before any intense activity and that you apply cosmetics before putting on jewelry.

Inlay jewelry requires care to assure lasting beauty and to retain the perfect fit of gemstones

Because of the precision of the inlay process, we recommend that you consult your authorized Kabana dealer only or Kabana specialists (1-800-521-5986) for any sizing requirements you may have.

The Uniqueness of Kabana

Kabana was founded in 1975 in Albuquerque, New Mexico,

By Stavros Eleftheriou.

Exceptional quality is Kabana's trademark.

Kabana's jewelry collection is one of the largest and most exciting in the industry. Combining the expertise and talent of our jewelers with state of the art manufacturing techniques, Kabana is dedicated to original creation and unique quality.

Kabana, where design is the difference.
